(13) The Dy is not spending much on a public Works discourse The chief Engineer places at his disposal annually a Sum of Rs 1000 and even this amount is not fully used by the Dy He does not also directly pay for petty works sanctioned by him and he either asks the Comptr or the Executive Engineer Bangalore to make the payment and renders accounts for only charges transfer for final adjustment If the Revenue Dept is to carry out the works sanctioned by the Dy under the enhanced powers proposed it is not clear why the execution of such work should not be left to the PWD The Forest Dept itself has not got the necessary technical staff either for estimating or for executing original works costing up to Rs 1000 If that Dept Can not itself carry out the works the best arrangement is to require the PWD Dept to execute them - The Revenue Dept has not also adequate executive staff for their own works Even the additional of recreational buildings to them its charge may not be desirable - Besides the powers even Executive Engineers to Sanction original works is limited to Rs 500 The proposal of the Dy is practically to transfer

is nothing to prevent from

I make my proposal as bearing
in mind the large educational

need not be considered
the limit of Rs 500 is of a little
